Acquired.

Location of Originals

Originals in: Museum of Russian Culture, San Francisco.

Scope and Content Note

This collection contains rare books, clippings, special issues of periodicals and typescripts relating to the life, writings and legacy of Aleksandr Pushkin. Much of the material is connected with anniversary celebrations (1937 - 100 years of his death, and 1949 - 150 years of his birth).

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and the Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials remain in the Museum of Russian Culture, San Francisco, as its property. A transfer table indicating corresponding box and reel numbers is available at the Hoover Institution Archives.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
