Shelf location: For current information on the location of these materials, please consult the Library's online catalog.

Language: English

Access

Collection is open for research.

Preferred Citation

[Identification of item], Pan Stamatios Codellas Paperes, MSS 52-1, Archives & Special Collections, UCSF Library & CKM

Abstract

Papers include correspondence, and subject files: typescripts and manuscripts (for published and unpublished articles), photographs and negatives of Greek manuscripts; a variety of information on the International Congress of the History of Medicine, and medical notes from the University of Tennessee.

Biography

Dr. Codellas received his medical degree in 1922 from the University of Minnesota School of Medicine, and did an internship at the University of Tennessee, Memphis. He came to California where he was licensed in 1923.

He had a general medical practice in San Francisco, and was Asst. in Tropical Medicine, and Lecturer in Medical History and Bibliography at UCSF. His interests in the medical history of ancient Greece led him to research and lecture on the topic; several presentations were made to meetings of the American Association for the History of Medicine, and the 11th International Congress for the History of Medicine in Zagreb, in 1938. On his return from the latter meeting, he was honored with a dinner by the Greek community of San Francisco. He surveyed the greek medical manuscript resources of the major libraries in europe, and brought home many photographic copies.

Series I. Biographical/correspondence

- Folder 1. **Biographical materials**
- Folder 2. **Correspondence, 1931-45**

Series II. Medical Notes

- Folder 3. **Lecture notes: Therapeutics, University of Minnesota (notebook)**
