## DUTIES OF SUPERVISORS AND CO-ORDINATORS

A supervisor helps to promote the different activities and to get people interested in them. They plan all public dances, different public social functions and in doing so try to keep the colonists morale on a high standard.

For Club Activities- Waka Mochizuki is doing the supervising. Various boys clubs girls clubs like the Boy Scouts, Girl Scouts, Girl Reserves and others come under this department.

Entertainments- Headed by George Okada, the entertainment department promotes public dances, Japanese shibais, and talent revues.

It was once announced in the project paper that no more dances would be held in the mess halls because of unsanitary reasons but, Mr. Townsend said that some method would be adopted where-by curtains or drapes could be dropped so that the dust could not get into the kitchen during these dances. Mr. Townsend stated that there would be as many dances as there are demands for them by the public.

Music Activities supervisor is Mrs. Maye Hara. This dept. sponsors many record concerts and some community sings.

Arts and Crafts supervisor- Mrs. Morishita. This department puts on displays of greasewood art and art sketches. These greasewood displays are very popular with the old folks.

Athletic program is headed by Chick Uno. At this time there are no activities going on but during the season various football leagues were formed and were succesful.

Later, when more equipment is available leagues for baseball, football, and other sports will be formed when the season calls for them.

Childrens Activities supervisor was formerly Jean Morii but now this department has been switched over to the school program.

Co-ordinators- There are seven different co-ordinators, one for each section in the project. The co-ordinators job is mainly to get the people in his respective section interested in the different activities, clubs, and to help the activity supervisors whenever the need arises.

## RECREATION HALLS

There are thirty-six recreation halls situated throughout the center, with one recreation hall for each block. Most of these recreation halls are designated for purposes other than recreation. They are as follows:

Recreation 1	Section use
Recreation 2	Church
Recreation 3	Coordinator's office, guest games, crafts, sewing and weaving
Recreation 4	Church
Recreation 5	Active games
Recreation 6	Social hall, co-ordinator's office
Recreation 7	Library, draped one end for guest games, craft
Recreation 8	Movie theater, Church
Recreation 10	School
Recreation 12	Active games
Recreation 13	Quiet games, craft

## LIBRARIES

### ENGLISH LIBRARY

For literature loving people, there are two public libraries situated in this camp---one in Recreation 8 and the other in Recreation 31. These libraries have about 6000 books, 3000 books in each, covering the subjects of fictions, philosophy, religion, business and economics, science, social science, biographies, history, and etc. Most of these books were donated by the Seattle Public Library, Seattle Civilians War Commissioners, W.P.A. Library Project, and the Oregon State Library, but a few were donated by individuals in this camp.

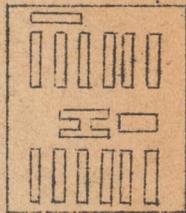

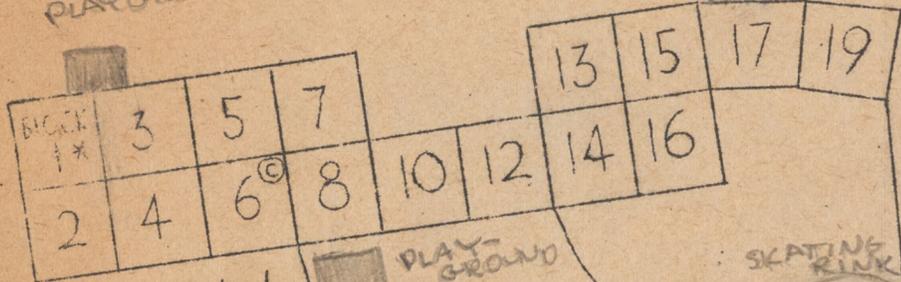

### JAPANESE LIBRARY

There are approximately 1200 books on the shelves of Hunt's Japanese Library located in 23-4-D. This collection of books covers wide ranges of subjects---ancient classics, novels, religion, poetry, and philosophy. These books were mostly contributed by the people in this camp and also from various churches. Besides this collection about a thousand additional books is expected in the future.

## PLAYGROUNDS

A number of playgrounds are to be in use in the near future. Work on these playgrounds are expected to be started after winter when all the frost is out of the ground. These playgrounds will have outdoor basketball courts, baseball and softball fields, and tennis courts, but every one of these playgrounds will not have tennis courts. These playgrounds will be placed---west of Block I---south of Block 8---north of Block 17---between Blocks 32 and 34---south of 4I. The central playground will be near the ice-skating rink close to the high school.

For smaller children sandboxes for them to play in will be in numerous places through-out the project. These not only be an enjoyment for the smaller children but also a help to keep them out of mischief and danger.

## AUDITORIUM-GYMNASIUM

Sometime in the future a large auditorium-gymnasium will be in use. Plans for a large floor where basketball, volleyball, and other indoor sports may be played is made. A building like this is badly needed as a proper place for large mass meetings, movies, dances, etc. is needed. Requisitions have been put in for lumber and plumbing materials and others that will be needed for such a construction. Work on this building is expected to start by next May.

## OUTSIDE GAMES

Many people have requested permission to go to high schools outside of this project to play the school teams in some competitive sport, but it is definite that no team from this project may go outside to play because of transportation problems and gas rationing

## SWIMMING POOL

A swimming pool is being considered in order to advance recreational activities. The greatest problem which is holding back the construction of the pool is the water supply.

The most profitable method of obtaining the water is from the canal which runs along the outside skirts of this Camp.

But since it is not the property of the W.R.A. it would be difficult to obtain water from there.

The pool cannot be made out of cement because of the immense cost. If made we must use dirt which does not hold water very well.

The drainage system brings up another problem. Since there must be a constant rotating of water there has to be a constant rotating of water, there has to be a constant flow of water. Chlorination is another method of purifying the pool's water.

Since there is to be absolutely no swimming in the Canal this coming summer, they are more than anxious to get started on the pool. Most appropriate place for this pool would be near blocks twelve or twenty-one. The depth of the pool is to be 20 feet with the size about 400 feet by 400 feet. If everything works in favor of building it, they will probably commence in Spring sometime.

## ICE-SKATING RINK

Welcome news for local ice-skating fans came when work started on Hunt's skating rink on the west side of Block 2I. This rink, mostly through the work of the high school boys under the supervision of "Chick" Uno, athletic supervisor, was recently cleared of debris, set up stakes and dykes, and ready for flooding. This rink was planned to be 300 feet by 300 feet but due to lack of necessary equipments, it was made as large as possible. But now the place is being flooded. Water is being put in by degrees and approximately 240,000 gallons of water is expected to go in this rink.

Preparations are made in dividing this rink into three sections; one, for beginners; another, for hockey games, and the other, for the general public.

High lighting this ice-skating rink will be the "Icecapade Review of 1943". This review will be performed by talented skaters from through-out the camp.

"If plans work as they should," says "Chick" Uno, "music skating and skating parties will be held in the near future."

## SCHOOL ACTIVITIES

### BOYS

Since there are not enough recreational equipments, the boys in their physical education classes are learning tactics of sports such as: football, baseball, tennis, softball, volleyball, and etc.

Also the boys are helping to make an ice-skating rink by clearing the field of debris and setting up dykes and stakes. In the very near future, ice-skating is expected to be inaugurated. When the weather permits, field practices will begin for the above mentioned sports.

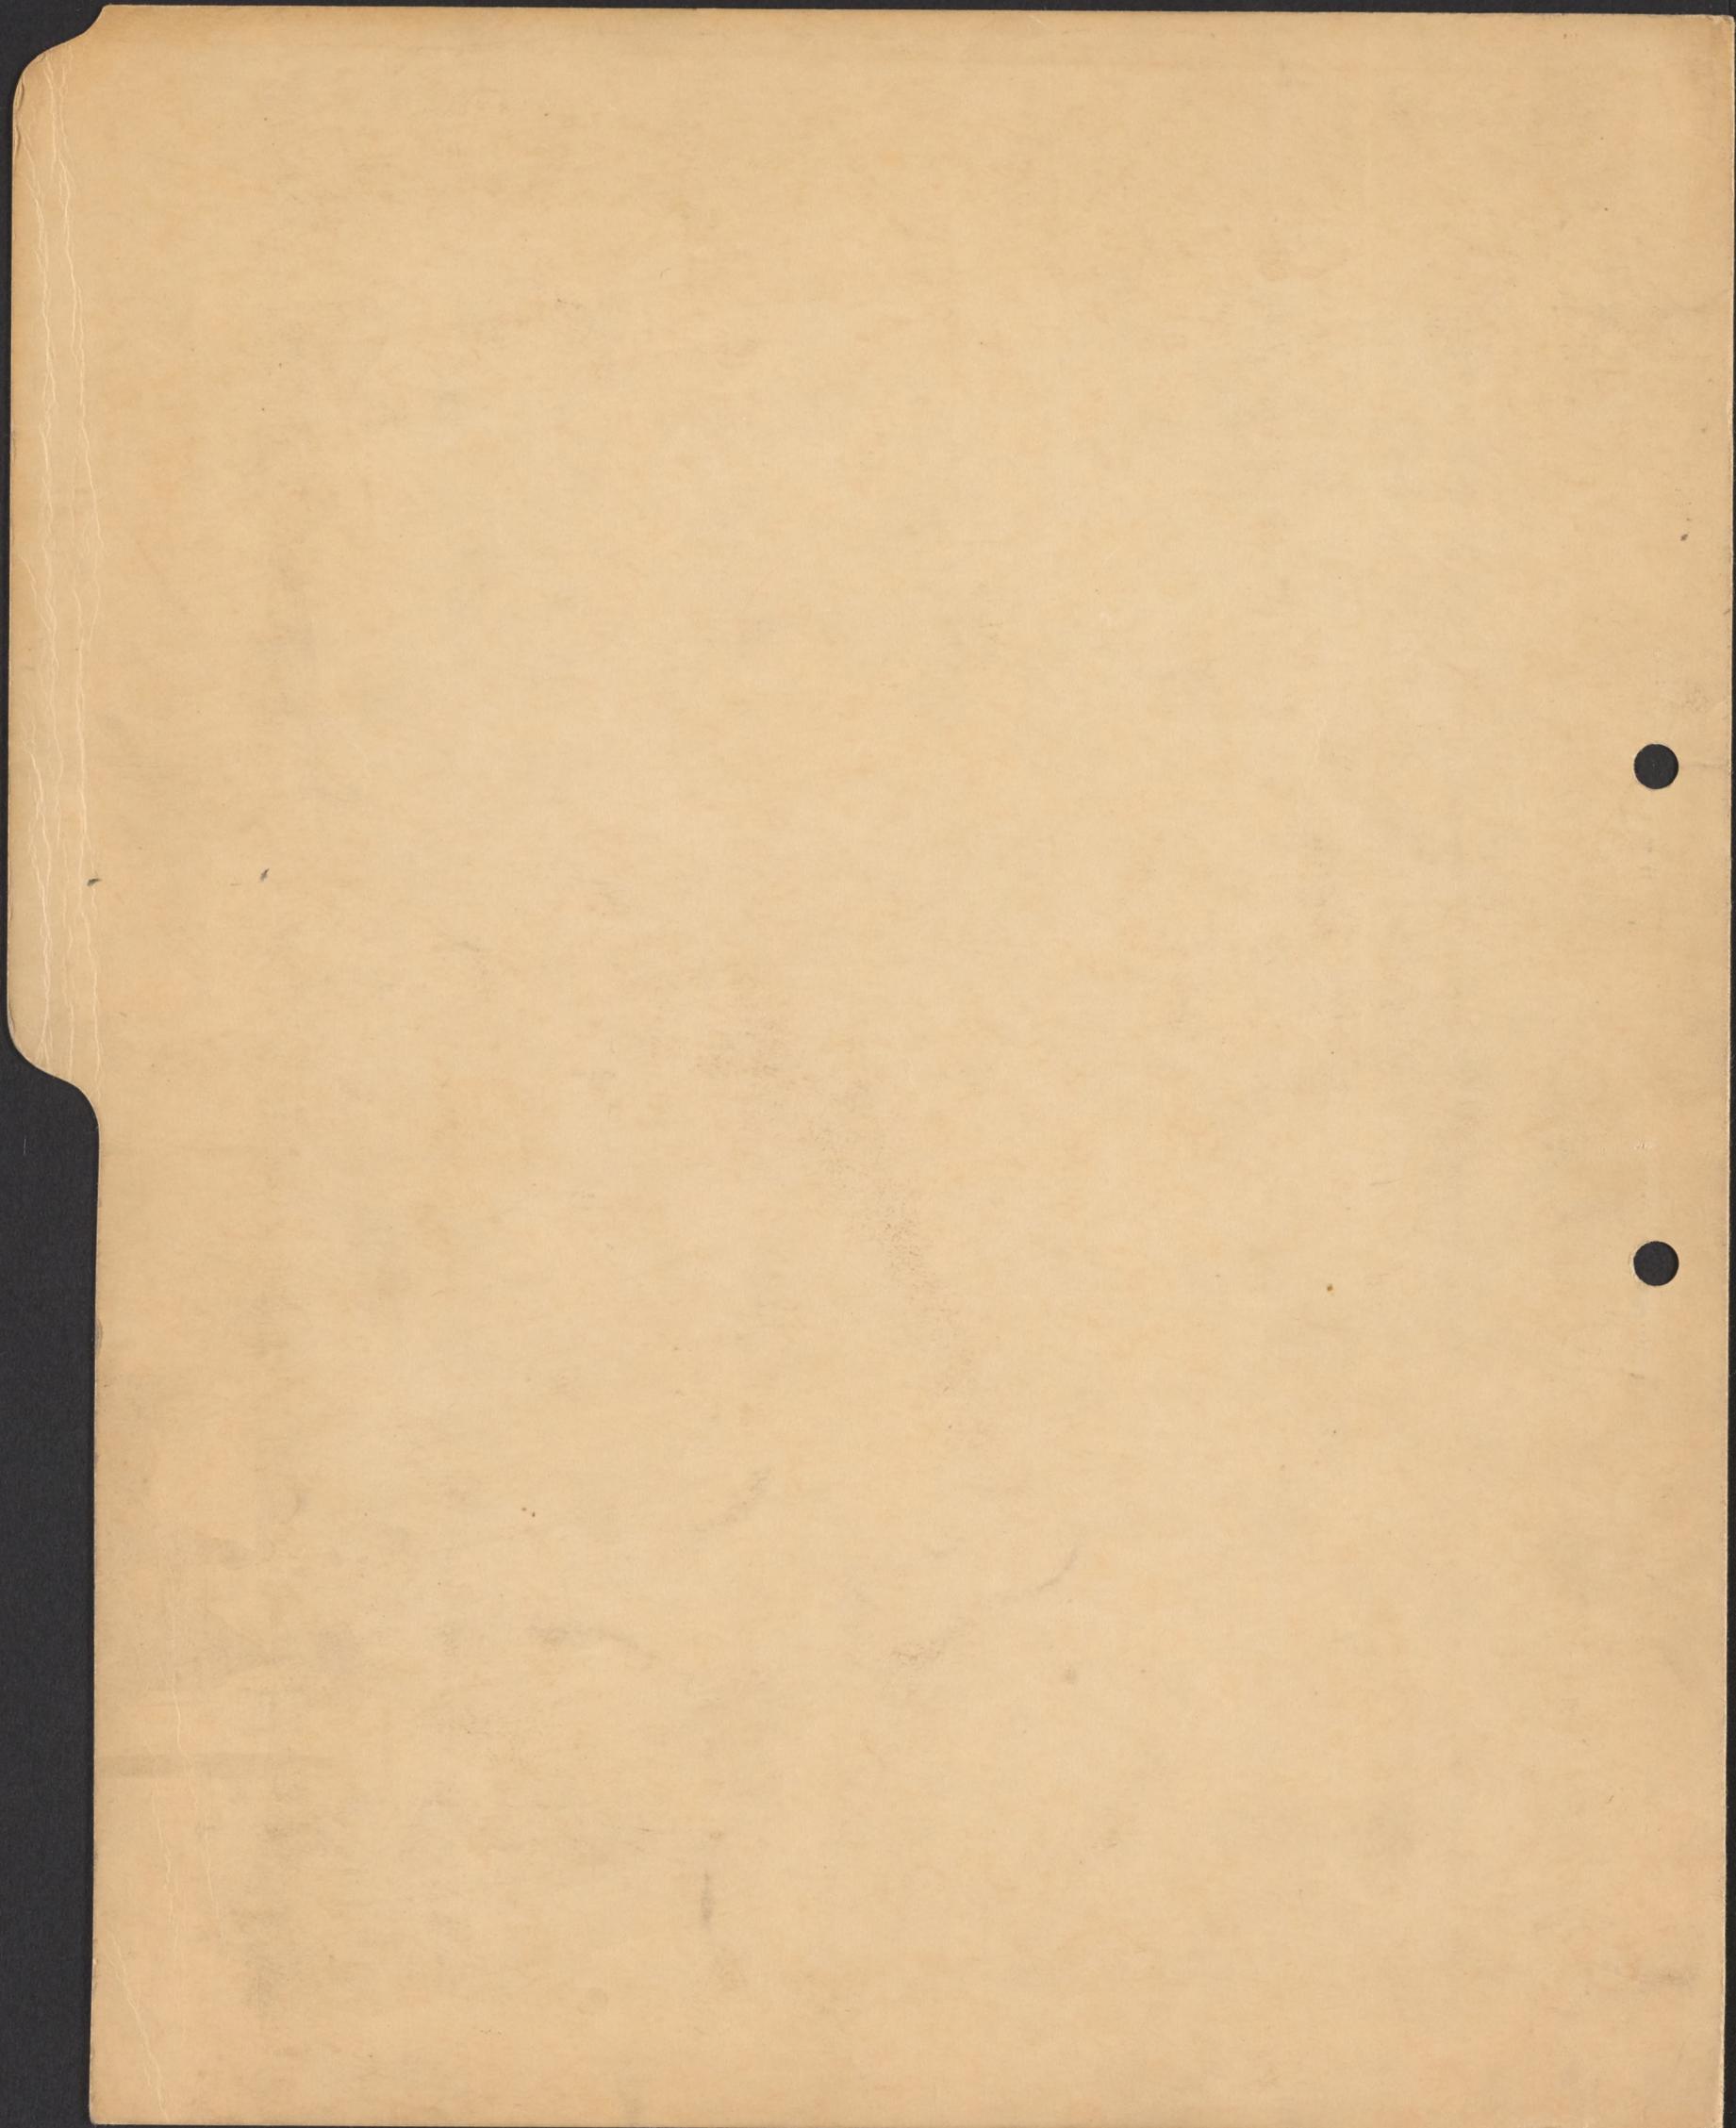

### GIRLS

The girls also have plans of taking up sports like volleyball, basketball, softball, ice-skating, and etc. Due to lack of facilities and equipments, progress on girls' sports has been delayed.

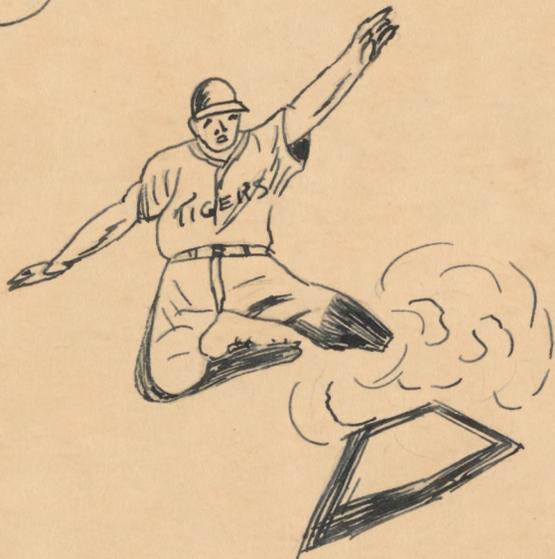

## CONCLUSION

Most of the credit for the success of the recreation program goes to George Ishihara and his staff. They have been working under many handicaps, mainly the lack of equipment. The time and effort put in by George Ishihara on his job should not be left uncomplimented.

## RECREATION IN THE CAMP OF JUNIATA

ON DECEMBER 22 FOUR MEMBERS OF THE RECREATION COMMITTEE OF BOTH 1ST & 2ND AND 3<sup>RD</sup> & 6<sup>TH</sup> COKE CLASS WENT TO MR. TOWNSEND'S OFFICE TO KEEP THE APPOINTMENT WE HAD MADE WITH HIM ON DECEMBER 16.

WE OPENED THE INTERVIEW WITH THE QUESTION - WHAT IS THE RECREATION PROGRAM & WHO IS HEADING THIS PROGRAM? THE MAN WHO IS HEADING THIS PROGRAM IS MR. GEORGE ISHIHARA AND UNDER HIM ARE HIS 6 SUPERVISORS. THE SUPERVISORS ARE:

1. \* CLUB ACTIVITIES - WAKO MOCHIZUKI
2. \* ENTERTAINMENT - GEORGE OKADA
3. \* MUSIC ACTIVITIES - JAY HARA
4. \* ARTS & CRAFTS - MRS. TORISHITA
5. \* ATHLETIC ACTIVITIES - CHICK UENO
6. \* CHILDREN'S ACTIVITIES - JEAN TOKI

UNDER THESE SUPERVISORS COME THE SECTION COORDINATOR. THE SEVEN COORDINATORS ARE AS FOLLOWS:

- |                 |   |            |   |     |    |
|-----------------|---|------------|---|-----|----|
| 1. TIED HORI    | - | OFFICES IN | - | REC | 3  |
| 2. TAKEO NOKAGI | - | "          | " | "   | 6  |
| 3. ROY SAKAMOTO | - | "          | " | "   | 15 |
| 4. GENYA OYE    | - | "          | " | "   | 21 |
| 5. JAY TAKEOKA  | - | "          | " | "   | 28 |
| 6. TOM HOSIUCHI | - | "          | " | "   | 35 |
| 7. TED HACHIYA  | - | "          | " | "   | 41 |

TALKING ABOUT THE SECTIONS, THERE ARE SEVEN

\* THESE ACTIVITIES ARE HEADED BY <sup>THE</sup> GIVEN SUPERVISOR.

SECTIONS IN ALL, AND THERE<sup>ARE</sup> 5-6 BLOCKS IN EACH SECTION.  
EACH SECTION IS HEADED BY A SECTION COORDINATOR.  
THE SECTIONS ARE AS FOLLOWS:

BLOCK	1-5	SECTION	I
"	6-12	"	II
"	13-19	"	III
"	21-26	"	IV
"	28-32	"	V
"	34-39	"	VI
"	40-44	"	VII

THEN THE QUESTION—WHAT IS <sup>THE</sup> PROGRAM FOR THE RECREATION IN THE CAMP. THIS QUESTION BROUGHT UP MR. TOWNSEND'S PHILOSOPHY, AND I QUOTE: "THE RECREATION PROGRAM IN THIS CAMP WILL NOT BE MADE BY THE CAUCASIAN STAFF, BUT BY A JAPANESE HEAD WHO UNDERSTANDS THE JAPANESE WAY OF LIFE. AND THIS PROGRAM WILL NOT BE CALLED A RECREATION PROGRAM BUT A LEISURE TIME PROGRAM, THAT IS ANY TIME YOU THINK OF DOING ANY THING TOWARDS RECREATION IT'S IN YOUR LEISURE TIME." AND I UNQUOTE.

THE NEXT QUESTION WOULD NATURALLY BE—WHERE WILL YOU SPEND YOUR LEISURE TIME? THE LEISURE TIME HALLS (RECREATION HALL). THERE ARE ALTOGETHER 36 RECREATION HALLS IN THIS CAMP. ALL OF THESE HALLS ARE NOT USED FOR RECREATION BUT FOR OTHER PURPOSES BESIDES RECREATION. ON THE NEXT PAGE ARE THE ALLOCATION FOR EACH RECREATION HALL. HANGING ON TO THIS QUESTION THERE ARE ALSO PLAYGROUNDS

TO PLAY ON. WHERE WILL THESE PLAYGROUNDS BE LOCATED?  
THERE WILL BE ALTOGETHER 7 PLAYGROUNDS. THEY WILL  
BE LOCATED AT:

1. WEST OF BLOCK 1
2. SOUTH OF BLOCK 8
3. AT BLOCK 9
4. NORTH OF BLOCK 17
5. THERE WILL BE A CENTRAL PARK BETWEEN BLOCK  
19 & 21.
6. BETWEEN BLOCK 32 - 34
7. SOUTH OF BLOCK 41

THE CENTRAL PLAYGROUND BETWEEN 19 & 21 WILL  
CONSIST OF 2 TENNIS COURTS, 3 BASEBALL FIELDS, SAND-  
BOXES, ETC. THE 6 MINOR PLAYGROUNDS WILL NOT HAVE  
A TENNIS COURT, BUT WILL HAVE A BASEBALL DIAMOND  
& SAND BOXES.

THERE IS A DANCE EVERY SATURDAY <sup>NIGHT</sup>, SOMEWHERE IN  
CAMP, SO WILL THE ITESS HALLS & REC. HALLS BE THE  
ONLY PLACE FOR HOLDING DANCES? BEFORE WE CAME  
IN HERE WE WERE ALREADY SUPPOSED TO HAVE A  
COMMUNITY BUILDING OR A GYMNASIUM, BUT DO TO  
BUILDING MATERIAL SHORTAGES THE BUILDING WAS NOT  
ABLE TO BE COMPLETED. SO THE PRESENT REC. HALLS  
WERE MADE. WHEN NEXT WINTER 1921 IS ALONG WE HOPE  
TO SEE A BUILDING STANDING ACROSS THE REC. HALL  
IN BLOCK 23. IF WE DO SEE ONE IT WILL PROBABLY  
SEAT 1200 PEOPLE & IT WILL BE USED FOR A GYM-  
NASIUM, COMMUNITY MEETINGS, DANCES, ETC. UNTIL THEN

DANCING WILL BE HELD IN DINING HALLS AND REC. HALLS.

WHAT IS BEING DONE TO ENTERTAIN THE ISSEI LADIES AND MEN. THERE ARE SHIBAI FOR BOTH, SHOGI AND GO FOR THE MEN. THE BACK OF THE LIBRARIES WILL BE MADE INTO A SMALL COURT SO ISSEI MEN CAN PLAY SHOGI AND GO. THERE ARE 840 SEWING MACHINES BEING REPAIRED SOME WHERE IN THIS CAMP. WHEN THEY ARE COMPLETED, <sup>BEING</sup> OVER HAULED APPROXIMATELY 5 WILL BE PLACED IN EACH RECREATION HALL, SO WOMEN WISHING TO SEW MAY GO TO THE REC. & DO SO.

WHEN SUMMER ROLLS BY IT WILL BE HOT & DUSTY SO TO COOL THE HOT PERSONS DOWN THEY ARE PLANNING TO MAKE 2 SWIMMING POOLS. SUITABLE LOCATIONS CANNOT BE FOUND, FOR THERE IS ONE PROBLEM, AND THAT IS THE DRAINAGE SYSTEM. WATER FROM THE CANAL MUST ALWAYS KEEP THE WATER IN THE POOL MOVING SO AS NOT TO GET THE POOL WATER POLLUTED.

WHEN BASE BALL SEASON COMES IN SPRING - WILL TEAMS BE ABLE TO GO OUT TO MEET COMPETITION? NO, IT IS TOO EASY TO START A RIOT OF SOME KIND AT A BIG GATHERING & MR TOWNSEND IS NOT TAKING NO CHANCES. BUT TEAMS OUTSIDE MAY BE ABLE TO COME IN SIDE AND MEET COMPETITION. ANYWAY IF OTHER TEAMS DO COME IN OR NOT THERE WILL BE A LEAGUE FOR BOTH GIRLS & BOYS. WHAT IS BEING DONE FOR THE GIRLS TOWARDS RECREATION. ON THE WHOLE IT WILL BE THE SAME AS THE BOYS PROGRAM.

## CHANGE MADE IN CENTER'S 'PIC' SCHEDULE

Starting from next week, there will be a slight change in the local movie schedule, with the concentration of the Friday and Saturday free showings to one free showing on Saturday at 3:30 p.m., John Essene, Supt. of Community Enterprises, announced this week.

Saturday's 1:30 and 3:30 p.m. free showings will be combined into one showing at 1:30 p.m. on Saturday, thus enabling two adult showings on Friday and Saturday nights at 6:30 and 8:30 p.m., Essene said.

There will be no evening shows on Christmas. However, there will be two showings at 1:30 and 3:30 p.m. for adults, Essene stated.

Essene, incidentally, returned to Hunt last Tuesday night with a North Coast Truck and shoe repair equipment recently purchased by the Consumers' Co-op.

Essene made a stop-over in Walla Walla, and discussed with the Co-op Auditing Service regarding auditing work and fire insurance for the local Consumers' Co-op.

## Girls Form 'Serviceers' Club To Entertain Nisei Soldiers

With its chief aim to carry on a program similar to the USO to entertain service men on furloughs, a club called the "Serviceers" was recently formed.

The organization will strive "to promote friendship, and exchange ideas and talents among girls in this community and to give constructive service", said Waka Mochizuki, club and activities supervisor.

Officers serving on the club cabinet include the following:

President-Nellie Arai, vice president-Edna Yasunobu; secretary-Shigeko Kawano; and treasurer-Teruko Kusaka.

All girls interested in joining the group were requested by Miss Mochizuki to contact the above named officers.

Ways and means to entertain visiting soldiers were discussed at a meeting held Thursday night.

## HEADS PICKED TO LEAD BOY SCOUT DOINGS

Organization of the Boy Scouts in Hunt has been completed with the election of the following officers:

George L. Townsend, Chief, Community Service, representative at large and member of the executive board of the Snake River council, Twin Falls.

E. Sebbelov, farm superintendent, district chairman and also a member of the executive board of Twin Falls.

C.T. Takahashi, vice district chairman; George Kakehashi, district commissioner; R.A. Pomeroy, superintendent of education, Chairman of organization and extension; Jerome T. Light, high school principal, chairman, leadership training; George Sumida, Chairman of camping activities; Ed Osawa, chairman of finance; Dr. George Tani, chairman of health and safety and Tom Okazaki, secretary of the district board.

## FOUR SOCIAL ROOMS SET FOR OPENING

Strictly for the use of couples only, married or unmarried, the social rooms in Recs. 6, 15, 28, and 38 will be open for use the latter part of this week or the beginning of next week, according to Fred Ross, assistant chief of community services. Rec. 28 social room's opening may be delayed.

Reserved primarily for young adults, the rooms will be properly chaperoned and supervised every hour of the day.

Rules and regulations are being worked out by the coordinators.

## ART EXHIBIT SCHEDULED IN JANUARY

An art exhibit comprised of water colors, oil paintings, black and white, charcoal, and pastel drawings will be shown Hunt residents in January, it was revealed this week.

Entries will be accepted until January 15, the deadline, Ed Tsutakawa, chairman of the exhibit, said.

The exhibit will be held from January 20 to 23 in D.H. 23, Tsutakawa stressed that all entries must have been drawn in this center of since entering assembly centers.

Any original work of project life, scenes and characters will be acceptable, Tsutakawa indicated.

All entries should be properly identified with names and addresses of entrants and may be submitted to the art department in Rec. 15 or the recreation department in Rec. 21, it was announced.

"This is not a contest. No prizes will be awarded. It will merely be a display of Minidoka's art talent," Tsutakawa said.

## GR LEADERS ARE ELECTED

Newly re-elected officers for three sectional Girl Reserves were announced as follows:

Sec. I-II: Kimi Watanabe, president; Lily Shitama, vice president; Reiko Taguchi, secretary; Takako Naga, treasurer; Fujiye Sakanashi, inter-club representative; Martha Fukuma, publicity chairman.

Sec. III: Shiz Matsumoto, president; Toshiko Watanabe, vice president; Yoshiko Deguchi, corresponding secretary; Chiyoko Morooka, recording secretary; Shizuko Furumoto, treasurer; Toshiko Onoda, inter-club representative; Suzie Shimizu, program chairman; Naoko Anzai, publicity chairman.

Sec. VII: Betty Aoki, president; Maki Kawasaki, vice president; Sachiko Yoshida, recording secretary; Hisa Yamada, corresponding secretary; Hisako Ruth Ishida, treasurer; Michiko Kubo, inter-club representative; Katherine Matsuda, historian; and Hiroko Sato, adviser.

## G.R. Inter-Club Cabinet Picked

Toshie Wakamatsu was elected president of the Girl Reserve Inter-Club at the organization's emergency meeting held Saturday.

Present at the meeting were the presidents and the inter-representative of each section.

Other cabinet officers elected were:

Elsie Takeoka, recording secretary; Lucy Yoshioka, corresponding secretary; Kimi Watanabe, treasurer; Michiko Kubo, historian; Toshiko Onoda, publicity chairman; Fujiye Sakanashi, social service chairman; Hiroko Kawasaki, social chairman; and Shiz Matsumoto, music chairman.

Each sectional vice president is requested to submit the names of the chartered members to Betty Aoki, 42-3-A, by Saturday.

All local freshmen and sophomores are urged to join the Girl Reserves.

## TALENT SHOW TO REOPEN SOON

By popular demand, the recreation department's first all-nisei talent show, the "Sagebrush Revue", will open a return engagement in the very near future in Rec. 8.

George Okada, entertainment supervisor, revealed this week that the two-night stand of the "Revue" in Rec. 34 proved very successful with the cast performing before three capacity houses.

# GALA ICE CARNIVAL IS TENTATIVELY SET FOR JAN. 16

## FIRE CREW AIDS WORK ON ICE RINK

Hunt's ice skating rink north of Blk. 21 took another definite step toward completion as a fire department crew began flooding the area yesterday afternoon.

Masaru Uno, sports supervisor, warned high school students and others to stay off the rink during the flooding and freezing period. The rink will be frozen in degrees, with the entire process probably taking three or four days, he said.

Plans for the ice carnival, Saturday, Jan. 16, to be sponsored by the athletic department of Community Activities, is now rapidly being formulated.

The ice extravaganza is slated to begin in the afternoon and may be carried on through the evening if floodlights can be secured, said Uno.

He requested all ice talents, such as speed and figure skaters, who are willing to participate in the carnival, to get in touch with the Community Activities office in the Administration area.

## ICE CARNIVAL SET SATURDAY

Hunt's first winter event, the Ice Carnival, featuring exhibitions by local ice talents and skits by each of the seven sections, is billed from 1:30 p.m. Saturday.

The ice spectacle will mark the grand opening of the community ice rink north of Blk. 21.

"Chick" Uno, sports supervisor, indicated that the carnival will be carried on after dark for the benefit of those working during the day. If floodlights cannot be secured for the night session, the rink will be lighted up by bonfires, Uno said.

The athletic office, sponsor of the carnival, requested all skaters to keep off the ice until the time of the official opening Saturday afternoon.

Plans for a gala ice carnival to be held tentatively on Jan. 16 were announced by Athletic Supervisor Masaru "Chick" Uno this week close upon the heels of an announcement that the ice-skating rink north of Blk. 21 would be completed by the end of the week.

In order that a well-balanced program might be arranged, residents were asked to furnish names of talented skating performers to their section recreational leaders.

The completion of the rink, after being delayed several weeks, is being made possible through the cooperation extended by the athletic department and students.

## Skating Is Fun Even When You Hop TO MANEUVER ON BLADES REQUIRES MUCH SKILL

Theatres got so tired of seeing your face three times a day at all the Sonja Henie and Ice-Capades pictures that they sent you a rent bill. Somebody tells you there's an ice-skating article in the December issue of Click and you rush off to the Canteen and plunk down a dime. You look, study and scrutinize, minutely and critically. So now you know how to maneuver on blades.

Then it freezes in Hunt. The pond near 44 is thick enough to skate on. Ah, here's where you show those ice-fans how. With your skates, (\$7.95 it was, at the Canteen), you stride off to the pond. Every ice-skater in the know laces his skates loose at the bottom, tight at the instep, and loose up to the top, but then you're different so you do the opposite. All skaters should lean forward to keep the feet from getting ahead of the rest of you, but you're something aside from ordinary mortals, so you defy gravity.

You glide out, your feet barely touching the ice.

on the small of your back. Jutting sagebrush graciously stops your "entree". You get up and execute a beautiful split. Up again and a complete cartwheel. This is getting tiresome. It was never like this in the books. Henie must be a fake, it can't be done.

Then you hear applause. Only then you notice that you're the only one on the ice besides another man. Applause is sweet to your red and blotched tortured ears. So you make a bow, a sweeping Barrymore bow, and you fall flat on your face. More applause. So you cut and caper all alone while Paul Hirao sweeps through his routines on the other side of the pond.

As a smashing climax you trip over the ice on your toes and promptly slide toward a gaping hole in the ice. You protest but the physics law on inertia insists. So you go in, but sprawling. You come out dripping, crushed, beaten, but the ice-skating mania has gotten you. So the next day you're back again.

## TALENT REVUE REVIVAL SET FOR JAN 15-16

The local recreation staff's first all-nisei vaudeville, the "Sagebrush Revue", will open a two-night return engagement Jan. 15-16 in Rec. 8.

Two performances will be given both Friday and Saturday, with the first curtain call at 6:30 and the second at 8:15 p.m.

The show, identical to the one presented before the Rec. 34 audience, will have master-of-ceremonies Koichi Hayashi at the mike.

The program will include vocalists Genya Oya, Suzie Takimoto, "Chick" Ishihara, Don Sugai; the male quartet of Abe and Mike Hagiwara, Andrew Morimoto, Masaru Horiuchi; and the cute song-and-dance Portland trio of Lucy Torii, Frances Sono, and Yuki Sato.

Other numbers billed are the "News on Parade" with the Minidoka news commentator, Eddie Sato's "Magic of Make-up", and a melodrama starring members of the rec staff.

Admission will be through tickets to be passed out by each section coordinator.

## RECREATION IN HIGH SCHOOL

THERE IS A DEFINITE PROGRAM FOR THE RECREATION IN HIGH SCHOOL, BUT SINCE THERE ARE NO PLAYFIELDS & NO GYM AS YET. MR. McLOUGHIN DOES NOT WANT TO GIVE ANY EXACT INFORMATION ABOUT THE RECREATION PROGRAM UNTIL HE CAN SEE THE PLAYFIELDS & GYM BY HIMSELF. BUT THERE ARE A FEW THINGS HE TALKED ABOUT, AND <sup>#</sup> THESE ARE:

THAT GYM OR PE. IS A REQUIRED SUBJECT, BUT IF YOU ARE WORKING YOU ARE AUTOMATICALLY EXCUSED.

LIKE ANY OTHER HIGH SCHOOL THEY WILL HAVE DAILY EXERCISES.

THEY WILL HAVE CLASS COMPETITION IN BASKET BALL, FOOTBALL, BASEBALL, SOFTBALL, TRACK AND VOLLEY BALL, WHICH WILL BE PLAYED A GREAT DEAL.

THERE WILL ALSO BE HIKING. THESE HIKES WILL TAKE YOU OUTSIDE INTO THE SAGE.

THEY HAVE A CERTAIN AMOUNT OF EQUIPMENT BUT THEY HAVE ORDERED MORE, AND HOPE TO HAVE THEM WHEN SPRING ROLLS BY.

ALL THE PLAYING WILL BE DONE IN THE CENTRAL PARK.

## TOURNAMENT SLATED

Where recreation halls are available, plans are underway to hold a sectional ping pong tournament in the near future with boy's and girl's singles, as well as mixed doubles being featured.

The contestants will be classified according to skill and past experience.

Everyone is urged to sign up. There is no age limit. The contestants can practice daily in a recreation hall nearest their block.

So let's all sign up!!!

## MIXER PROVES SUCCESSFUL

Last Friday night the students of Hunt high school held a mixer which swept the students, teachers, and officials who attended off their feet in its blaze of fun and frolic. This first attempt at a social gathering by the students certainly attained success beyond expectation. Members of the planning committee did a great job with the limited time and facilities.

The response of the students to the mixer was so great that all the attractions were filled to capacity and many more students were turned away. Those who were fortunate in getting into the crowded concessions played bingo, had their fortune told, sang, and danced to folk music.

Long before the refreshment stand was opened a long line of hungry impa-

## Short Shots

Mr. "Mac" McLoughlin, our P.E. head is planning dancing classes under Mori Oda---Miroko Shiogi is a swell softball player, everyone agrees---The "Crusher" Kanaya gave the Seattleites something to worry about with his terrific leg work---a future court flash that bears attention is 7th grader-Jits Oyabe---when Yoshitaka Tanaka executed that touchdown pass, it was probably the first time he ever ran so fast---Chick Uno, boxing instructor, was a one-man-digging crew on the rink, Saturday.

tion, clamoring, students were waiting to get at the hot dogs, ice cream, potato chips, and punch. When the doors were flung open, wave upon wave of students descended upon the counters and before a hour had passed all the hot dogs were sold out.

The talent show was certainly one of the biggest successes of the mixer, through the hard work of Susie Takimoto who planned the show, and her performers.

Everybody was entertained with the best that Hunt high school could offer. Semi-classical pieces sung by Helen Kinoshita and Eileen Nakamura proved that we do have excellent talent in Hunt. Great promise was shown by Mary Nakata, as a singer of popular songs. Others on the program were the baton twirling acts by Fumiko Sasaki and Hiromeko Kawabata. Katherine Kido played a beautiful violin solo.

## SPORTS SIATIC

Skating, skating and winter sports will soon replace football in the limelight, as old man winter blows around the corner already four skating ponds are filled with winter enthusiasts and with the completion of the skating rink adjacent to wood-pile, Minidoka's winter wonderland will be in swing.

Frank Watanabe left for Columbia University recently, to resume his studies. He will be ably replaced by Tom Hayashi, a Tulalake transfer, and Linor Azuma as assistants to Frank Yamashita.

For four bruising quarters the Section VI eleven and Kono's Killers fought it out on Block 43 field. Both elevens finally limping off the field nursing a 0-0 tie.

In the small study hall was probably one of the largest crowds to ever attend a dance held in a dining hall. The dancers wasted no time beginning to dance. The music was the best, only the fastest songs being played.

It can truly be said that the mixer came off a better than the most optimistic expectations.....B.N.

# SEATTLE SCUTTLE PORTLAND

Last Saturday on the open field behind Block 74, twenty-two enthusiastic gridgers including boys from Seattle and Portland, battled before 100 shivering sidelines with the Seattlites coming out ahead by a 12-0 margin.

With the ground frozen, both teams used the aerial attack extensively. The first touchdown came early in the third quarter on a drive by air from the Seattlites 45 yard line. From a box formation, Shoji Kanogawa completed a pass to Yoshitaka Tanaka, who tramped 35 yards to score. The conversion failed.

The second score came early in the last quarter. Aided by passes, the Seattlites marched down to the Portland five yard line. After two unsuccessful plays Frank Bunya plunged over right tackle for the final tally.

The Portlanders only chance of scoring was during the last five minutes of the second quarter. A punt over the safety-man's head pushed the Washington Boys back to their own five. After two unsuccessful plays, the Seattlites were forced to boot. The boot carried only ten yards.

With the ball on Seattlites fifteen the period ended. This was the only serious threat.

## Irrigator Suffers Trouncing In Grid Game With Superior Wrecks

The hitherto untested Irrigator/VV six-man football team suffered their initial setback of the season as they dropped a 12 to 0 decision to the Wrecks Sunday afternoon on the snow-covered 23-30 gridiron.

Masaru "Chick" Uno proved to be the main cog in the Wreck triumph as he pitched two touchdown passes, both of them to Tsuneo Hidaka, in the first half.

During the first canto, the two teams see-sawed up and down the field, neither being able to muster enough strength to push over a score. But, in the second period, the Wrecks started to roll with runs and passes and after they had reached the Gator 15-yard line, Uno completed an aerial to Hidaka who ran over unopposed for the score.

Late in the second canto the Irrigators lost possession of the ball deep in their own territory and again the Uno-Hidaka combination clicked to tally their second six points of the game.

The fighting Irrigators came back into the ball game towards the waning minutes of the game with

two long completed passes from Yamasaki to Yamasaki but the drive stalled and the Gators lost the ball on downs on the Wreck 25 yard line.

The snow bogged down the Gator running attack and the wet ball resulted in numerous costly fumbles for both sides.

## ATHLETICS PRESSED

Because of the pressing need for texts, adequate study hall conditions and working equipment, the athletic program has been side-tracked. But Mr. McLoughlin promises a fair program of activities with "Chick" Uno to teach the boys boxing and with the skating rink coming along the boys will have both outdoor and indoor exercise. As for girls, the only thing so far is party games, such as quizzes and parlor games, but more in the way of physical exercises is promised.
